Notes:
1 Includes both serial ATA (SATA) ports and two IDE ports
2 Includes six channel audio
3 Includes eight channel audio
4 Includes PCI Express x1 slots
5 Includes PCI Express x16 slots
6 Includes FireWire Ports
7 Includes onboard RAID technology
8 Includes SLI technology for dual video cards
9 Includes S/PDIF digital out connector

High Performance Copper Heatsink and Fan

•Fits Intel Pentium 4 Socket u478 CPUs up to 2.6GHz and AMD Socket A CPUs •12VDC ball bearing fan •3 pin connector •33.2 cfm •3800rpm •34.5db(A) •Dimensions: 3.26" x 2.71" x 2.047" with heat sink

Order #	(ea.)
83-9155	$24.95

CPU/Chipset Heat Sink and Fan

Protect your CPU from overheating with this 12V/.9W DC CPU fan. Easily mounted on your motherboard's CPU, these compact fans prolong processor life span. Mounting frame and heat sink included. Floppy disk drive power connector clips onto power source. 486 CPU fan.

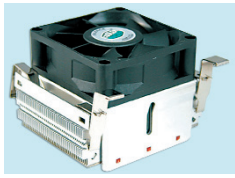
Order #	(ea.)
83-1975	$7.29

COOLER MASTER Deluxe Socket 7/FC-PGA CPU Fan

•For AMD K6/K6-2/ Socket A, Intel Pentium 60~266MHz, Celeron 300~700MHz PPGA/ FC-PGA, Pentium III 500~800 FC-PGA, Cyrix 6x86, 6x86MX and MII and IBM 6x86 processors •12VDC ball bearing fan •3 pin connector •10.5cfm •5400pm •Noise level: 33dB •High-ratio aluminum heat sink •Dimensions: 2"x 2" x 1.5" with heat sink

Order #	(1-9)	(10-up)
83-8371	$7.95	$6.13

COOLER MASTER Intel P4 Socket 478 Heat Sink Fan



•Type: Socket 478 up to 3.4GHz •Material: Aluminum •Fan size: 70 x 70 x 15mm •Heat sink size: 83 x 68.5 x 37mm •#DI4-7H53D-08

Order #	(1-9)	(10-up)
83-10373	$4.95	$4.69

Celeron CPU Fan

•12VDC ball bearing fan •3 pin connector •Ultra quiet •Low profile •Cross cutting design for more efficient heat dissipation •Mounting clip provided •Dimensions: 5⅜" (W) x ⅞" (H) x 2" (D)

Order #	(1-9)	(10-up)
83-8060	$9.95	$9.22

Slot A Heatsink/Fan Combination

Dual fan cooling system for AMD Athlon processors. Replace your stock heatsink today.

Order #	(1-9)	(10-up)
83-9331	$19.95	$18.49

COOLER MASTER

High Performance Thermal Compound

Features: •Injector with cap for easy application and storage •Two templates ensure correct applying area for various CPU socket types •Produces even layer when using applicator •No messy fingers when done
Features: •Excellent thermal conductivity •Electrically non-conductive •Wide range of application temperature

Order #	Description	Conductivity	(1-9)	(10-up)
83-10380	Dow Corning thermal compound	4.18W/mK	$3.25	$3.14

Arctic Silver

Arctic Silver® 5

Arctic Silver 5 is optimized for use between modern high-power CPUs and high performance heatsinks or water-cooling solutions. •Contains 99.9% pure silver •Silicone free •Not electrically conductive •Arctic Silver 5 will not separate, run, migrate, or bleed •RoHS compliant •Thermal conductance: >350,000W/m2°C (0.001" layer) •Extended Temperature limits: Peak: -50°C~ >180°C, long-term: -50°C~130°C

INNOVENTIONS® Inc. "INNOVATIVE PRODUCTS FROM INVENTIVE MINDS"

RAMCHECK Plus

The RAMCHECK Plus represents a complete testing solution. It is a combination of the RAMCHECK memory tester and the RAMCHECK DDR adaptor, and provides the most cost-effective solution for DDR memory testing. The RAMCHECK Plus tests popular PC333/266/200 (PC2700/2100/1600) DDR modules, as well as PC166/150/133/100 SDRAM. With optional adaptors, RAMCHECK Plus can be instantly expanded to test 144 pin SO-DIMM notebook PC memory, older 30 and 72 pin SIMMs, 100 pin laser printer DIMMs, TSOP chips and more. Just plug the adaptor into RAMCHECK Plus and turn the power on. RAMCHECK Plus is ideal for IT departments, repair shops and memory distributors/retailers looking for a rugged, reliable, yet cost-effective memory tester.

COOLER MASTER

CM Stacker BTX/ATX Computer Case

CM Stacker is a new computer chassis from Cooler Master with extremely powerful functions. The innovative design supports EATX, ATX and BTX form factors. Adding your own power supply gives you complete design control. Besides its unique cross-flow fan, the CM Stacker supports up to eight regular fans, giving it unmatched cooling performance. Built from 1.0mm thick steel plate, the CM Stacker is immensely strong, with a high-quality anti-vibration stand providing extra protection for the system. **Specifications:** •Model #STC-T01 •Tower case •Motherboard: ATX; BTX, EATX •Power supply: Support for up to dual power supply •Front panel USB, IEEE1394 and audio ports •Dimensions: 19.1 x 7.9 x 16.8"(486 x 200 x 427 mm)(DxWxH) •Cooling fans front: 120mm x 3 (1 standard), top: 80mm x 1 (standard), rear: 120mm x 1 (standard) •Expansion slots up to 7

PC Screw Kit

The PC screw kit is a handy assortment of common PC fasteners for building, repairing, and maintaining computer systems. The kit includes 12 different fasteners all in a plastic carrying case with divided compartments. Includes 50 screws and fasteners in each of seven category types for a total of 350 screws as well as an assortment of standoffs. Screws included are 6 x 32 x ¼", 6 x 32 x 3mm, M3 x 1¼", 4 x 40 x 3⁄16", and 7⁄16" self-tapping case fan screws. Other items include metal jackscrew standoffs #6-32 to M3 which is a hex head (barrel) with an outer thread of #6-32 and inner thread of M3 and a length of 5⁄32", metal jackscrew standoffs #4-40 which is a hex head (barrel) with a thread of #4-40 and a thread length of 7mm (0.27") and a overall length of 11mm (0.45"), AT style snap in standoffs, ATX style snap in standoffs and plastic screw in standoffs with a #6-32 thread. Nuts included are 4-40 x 2mm and 4-40 x 6mm. Plastic case dimensions are 8¼" (L) x 4¼" (W) x 1¼" (H).

83-9689	$34.95	$31.45

ENERMAX Security Screws

Enermax security screw set for PC cases, power supplies, motherboards, and PCI/AGP cards. These screws are more secure than standard screws due to their non standard head, while at the same time they are fairly easy to install and remove for tech crews. Unlike keylock screws which use a key to turn the screw, these use a more traditional driver. This means you can use more of them without sacrificing ease of install, build up or ease of servicing while at the same time you gain security from sticky fingered users. **Features:** Protect your PC components. Two types of screws to fit most PC components. Unique dual head screw driver and key. Neat quality package.

ENERMAX
NoiseTaker P Series ATX Power Supply

The Noisetaker series is built with nothing in mind other than performance and silence. These power supplies are packed with new features like SATA connectors, onboard fan control and dual 12V rails. These power supplies meet and exceed Intel's new ATX12V version 1.3 power supply design guide. The very first of their kind to have dual +12V rails that separate unwanted noise interference from your CPU. They also include a unique fan delay circuit that allows the fans to run an additional 2 minutes after system shutdown to cool your PC. **Features:** •Dual fan design •Meets ATX 2.03 and ATX +12V 1.3 version specs •Gold plated connectors and tied cables ensure neatness and high performance •Dual fan design with motherboard thermal control •MTBF 100,000 hours @ 25°C •Includes AC power cord and built in switch **Specifications:** •Input voltage: 90~135/180~265VAC, 47~63Hz •Output voltage: 3.3V, +5V, +12V, -5V, -12V, +5Vsb •Internal cables: ATX 20+4P, raid 12V cable, 12V P4, five CD-ROM and HDD, two floppy, two SATA, AUX cable, fan and ATX cable •Dimensions: 5.9" x 3.4" x 5.5"

HAWKING TECHNOLOGY
Network Attached Storage Center

The compact Hawking HNAS1 Net-Stor™ Network Storage Center is an economical and powerful device, and provides an ideal solution for small business and small office/home office users. The HNAS1 functions as both a file server and FTP server, and can be used to easily share video, music, and data files. The HNAS1 can also be configured to allow the transfer or back-up of files directly over the internet via the web browser or FTP. It supports all standard 3.5" IDE hard drives of up to 250Gb (hard drive not included). The smart set-up wizard makes installation of the network storage center simple and the user-friendly web interface makes it easy to manage.

Logitech X-530 5.1 Five Piece Computer Speakers

The Logitech X-530's high tech subwoofer adjusts itself dynamically to deliver distortion free bass, the two wall mountable satellite speakers use Logitech´s patented FDD2™ technology to eliminate the uneven sound response created by conventional dual driver designs. Matching front and rear satellites deliver balanced surround sound. The X-530 speaker system also has convenient volume and subwoofer level controls. Use the headphone jack for private listening. Satellites are wall mountable. **Features:** •70W RMS speaker set with 45W RMS total satellites and a 25W RMS subwoofer •Separate power and volume controls •Headphone jack •Microphone jack •Three year warranty **System requirements:** •Available 3.5mm audio jack •Sound card

Order #	(1-9)	(10-up)
83-11109	$64.95	$62.55

Logitech X-230 2.1 Three Piece Computer Speakers

The Logitech X-230's high tech subwoofer adjusts itself dynamically to deliver distortion-free bass, the two wall-mountable satellite speakers use Logitech's patented FDD2™ technology to eliminate the uneven sound response created by conventional dual driver designs. The result: A clear, uniform sound field without the "hot spots" and inconsistency of other dual driver satellites. **Features:** •32W RMS speaker set with 6W per satellite and a 20W sub woofer •Separate power and volume controls •Headphone jack •Microphone jack •Three year warranty **System requirements:** •Available 3.5mm audio jack •Sound card

Order #	(1-9)	(10-up)

GRIFFIN iSqueez, iPod Holder

Your cup holder is a great place for your iPod on the road, but it can still slide around, fall out, and even be scratched. And trying to use a charging cable really complicates things. Enter the iSqueez. The iSqueez holds your iPod or iPod Mini at an easy-to-see angle. The material won't scratch the iPod's surface and your iPod isn't going to fall out. The iSqueez also leaves room on the inside for a docking cable.

Inkjet Cartridge Flush

Used for flushing out inkjet cartridges and syringes that are used for filling cartridges. It can be used in several ways: •Where one cartridge is used to print with different colored inks the flush is ideal for removing all traces of other colors and avoiding color contamination •To "rejuvenate" a cartridge that has been allowed to dry out •Certain types of cartridges contain sponges which become less absorbent to ink over time, using cartridge flush on these can improve the internal sponge absorption •Under no circumstances should a cartridge be cleaned with water as this would lead to irreversible contamination and internal corrosion.

Order #	Size	(1-9)	(10-up)
830-2335	60ml	$4.95	$4.58

X-Keys Multi-Function Keyboard

This auxiliary keyboard works in conjunction with a standard keyboard to reduce the amount of repetitive keystrokes used in many of today's popular software programs and the internet. Special internal circuitry provides automatic switching between the X-keys and your standard keyboard. They can also be a stand-alone bootable keyboard for applications that do not require a regular keyboard. Support two layers of multiple key commands that are stored in an EEPROM, eliminating the need for special drivers or TSR programs. Includes everything needed to connect to PS/2 or AT keyboard. **Features:** •20 keys •Each key is allocated 3 characters and a total of 480 additional keystrokes are allocated to any keys that require additional characters

GRIFFIN PowerMate, USB Controller and Input Device

PowerMate is the coolest volume knob your computer has ever seen, but it's so much more. You can use it to edit home movies or scroll through long documents or create your next audio masterpiece. How can PowerMate be this cool? Because it's an assignable controller that you can program to do anything you want, in any application. Made of high-quality machined aluminum, PowerMate feels like a solid volume knob pulled right off the front of a world-class stereo. Its heavy weight and tactile feel are a welcome departure from typical plastic USB peripherals. Color is silver. **Includes:** •PowerMate, 40" USB extension cable, CD-ROM containing all necessary software, one year warranty **System requirements:** •Mac: Mac OS 9.0.4 or greater, or OS X, USB port •PC: Windows 98SE, Me, 2000 or XP, USB port •Mfr. #1040-PMT

Service Tips for Windows

The ultimate in Service Shop Management that will organize your service shop and save you time and money. **Service Module:** The service module handles all aspects of the claim check entry, maintanence, history and printing. The claim check entry is user friendly with search engines, equipment tracking, technician tracking, repair statistics, and too many other valuable features to list. **Customers:** A customer database is maintained for all of your customers and updates automatically or manually from the service module with many search options. **Sales Module:** A separate sales module available for over the counter sales. Uses same parts inventory for quick entry and pricing. Even posts to accounts receivable! **Purchase Order Module:** A separate module for ordering parts. Includes a vendor list for quick inserting to a new purchase order. Adds the parts you ordered to the parts inventory when posted to history. Tracks dollars with each vendor. Other modules included are Parts Inventory, Accounting, Accounts receivable, Reports, and Service Manual database with phone book. This software package is one the most comprehensive we have seen to date. Requires Windows 95/Windows 98-32 bit. Requires 5 meg hard disk space. Available on CD-ROM.

Notebook and PowerBook Security Kit

Secures a long list of notebooks and PowerBooks that are equipped with a Micro Security Slot ("Micro Slot"). Features a steel security cable with quick on- off operation via an integrated combination lock (no locks or keys to lose!). The Micro Slot security scheme requires no screws or adesive. For this reason it has been adopted by almost every manufacturer of portable devices. Wrap the cable around a table leg or other permanent building fixture and attach to the notebook. **Kit contains:** 5' steel security cable with integrated combination lock, two security clips, and a zippered carrying case.

Order #	(kit)
830-200	$30.70

Universal Super Bond Security Kit

Secures your PC and other office equipment by anchoring it with a heavy duty steel cable and super bond plates. The three security plates bond with tough liquid super bond adhesive. Bond the plates to the devices to be secured and thread the cable to the plates. The cable is then secured by a padlock to a desk or other permanent fixture. **Kit contains:** 5' heavy duty steel cable, 40mm case hardened padlock, three super bond mini plates, and super bond adhesive.

Data Vac/3 ESD Vacuum Cleaner

The new DATAVAC/3ESD with HEPA filter is 99.97% effective in trapping particles of dust down to 0.3 microns. It keeps all your high tech equipment running smoother, longer. Unlike regular vacuums which redistribute the same dust, dirt and allergens back into the air, our HEPA filter-equipped environmental control system traps dirt and allergens into a tightly sealed filter bag. Static is the #1 enemy of sensitive electronic equipment. DataVac/3ESD is equipped with a unique anti-static wrist-strap grounding the user from generating static. DataVac/3ESD has a virtually indestructible all-steelbody featuring a 2-speed 1.7 peak horsepower motor. **Includes:** •3'~6' expandable stretch hose, crevice tool, dust brush and five extra triple layer 0.3 micron disposable bags •Heavy-duty carryng case and shoulder strap •Dimensions: 7" (W) x 17" (L) x 7" (D) •Weight: 21 lbs.

IOGEAR

Cat5 Video Extender Kit

The VE-120 Video Extender System allows you to extend the distance between the computer system unit and the display monitor by up to 430'. It accomplishes this by means of a local transmitting unit (VE-120L), and remote receiving unit (VE-120R), connected by standard Cat 5 twisted pair ethernet cable. **Features:** •Uses Cat 5 ethernet cable: For economy; easy installation; and utmost data transfer reliability •High resolution video: Up to 1600 x 1200 at 100 meters •Supports VGA, SVGA, and multisync monitors •Long distance transmission, up to 130m (430')

Order #	Mfr. #	(1-9 kits)	(10 kits-up)
83-9608	VE120	$179.00	$174.95

Amplified Video Switches

These are boosting devices used to duplicate video signals from one source to up to eight outputs. They will extend transmission distance to 210' making them an excellent public broadcasting system. They are suitable for VGA, SVGA and multi-sync monitors. They can also be daisy chained. The input is a HD-15 male and the outputs are HD-15 females. AC adaptors are included.

Order #	Outputs	(ea.)
83-7733	4	$69.95
83-7734	2	49.95

Two Output, Two-Way SVGA Splitter

•Amplifies and distributes video signal up to 210' from PC •VGA, SVGA and XGA compatible •Resolution up to 1024 x 768 with 100MHz band width •Simultaneously cascadable up to 64 monitors •Two HD-15 female connectors and one HD-15 male connector •Includes AC adaptor •Compact size

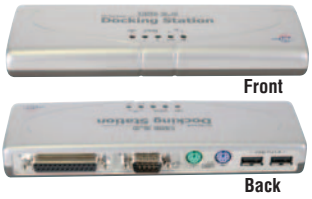
USB 2.0 Docking Station



The USB 2.0 hi-speed docking station gives you everything you need to connect all your favorite standard desktop peripherals from old to new with a single device. Now with USB 2.0 integration you can use any of your peripherals from parallel to PS/2 with faster throughput simultaneously without the loss in speed. This product is ideal for PC, Macintosh, and notebook users with the need of standard desktop ports. **Features:** •Compliant with both the standard specification of USB 2.0 and USB 1.1 •Data transfer rate of up to 480Mbps •USB 2.0 upstream port •Two USB 2.0 downstream ports •PS/2 keyboard port •PS/2 mouse port •USB 2.0 file transfer data link port •Serial port •Standard IEEE-1284 parallel printer port •10/100 ethernet LAN port •Supports USB 2.0 bus-powered and self-powered modes **System requirements:** •Windows 98SE/ME/2000/XP, MAC OS 8.0 supported •Available USB port

"Y"-Key Adaptors

Y-See Dual Monitor Adaptor

Enables two monitors to be connected to PC at the same time and boosts signal for optimum image quality. Supports resolutions up to 1280 x 1024 and up to 32 bit color (4 billion colors). Includes keyboard power tap cables for power source. Can be daisy-chained for multiple monitors.

Order #	(ea.)
83-8171	$99.95

Y-Key Dual Keyboard Adaptor

Allows two keyboards (standard, children's or specialized) to be connected to PC at the same time and used at the same time without rebooting your PC. Includes 6 pin mini DIN connectors and 5 pin DIN adaptors for compatibility with all PS/2 and AT keyboards. Can be daisy-chained for up to four keyboards.

Order #	(ea.)
83-8170	$59.95

Y-Mouse Keyboard and Mouse to USB PC Adaptors

Enables you to connect your existing PS/2 mouse, trackball or touch pad and keyboard to a PC USB port. Includes two female 6 pin mini DIN connections for pointing device and keyboard. Requires Windows 98 or higher.

Order #	(ea.)
83-8173	$59.95

Dual Y - Mouse Adaptor

This device allows two PS/2 pointing devices (mice, trackballs or touch pads) to be connected to your PC at the same time. Both devices are active at all times, eliminating the need to reboot the PC every time you want to change devices. They can be daisy-chained for multiple devices. Enables you to work more ergonomically and to avoid repetitive motion problems.

Order #	Type	Connectors	(ea.)
83-8169	PS/2	Two 6 pin females to one 6 pin male	$59.95

USB to PS2 Adaptors

•Convert your USB mice and keyboards to use PS2 ports •May not work with every PS2 device, your device must be made so that it can use one of these adaptors

Null Modem Cables

These cables allow two DTE or DCE devices to communicate with no conflict in data transmission. The transmit and receive signals are crossed to ensure proper data flow. Each cable is designed with a rugged, over-molded construction that provides extra strain relief and a solid connection. Foil-shielded for protection against EMI/RFI interference caused by surrounding office equipment and florescent lights. Available in a wide variety of lengths and gender combinations.

PC Universal Transfer Cables

A cable terminated in 9-pin and 25-pin female D connectors at both ends to allow serial communications between two PCs. When used with suitable software (ie LapLink) two PCs can exchange data and programs over the cable link at high speed. Especially suitable for backing up Laptop or notebook computers onto desktop PCs.

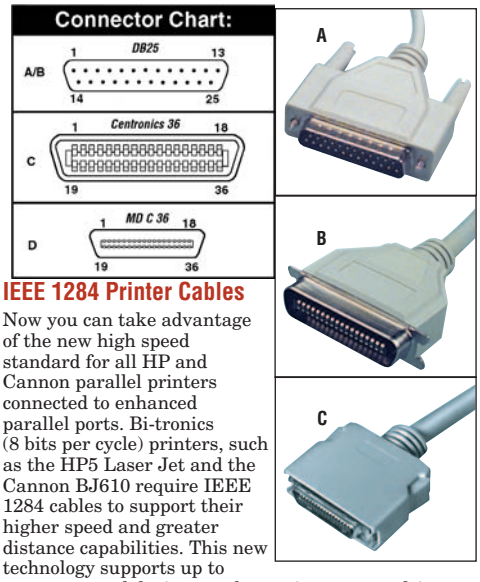
Data Comm Cables



IEEE 1284 Printer Cables

Now you can take advantage of the new high speed standard for all HP and Cannon parallel printers connected to enhanced parallel ports. Bi-tronics (8 bits per cycle) printers, such as the HP5 Laser Jet and the Cannon BJ610 require IEEE 1284 cables to support their higher speed and greater distance capabilities. This new technology supports up to seven external devices, such as printers, tape drives and scanners. **Features include:** Backward compatibility with existing printers, EPP/ECP support, high speed bi-directional communications, 28AWG, 18 twisted pairs for impedance matching, foil and braid shielding.

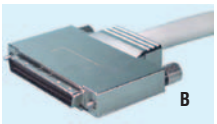
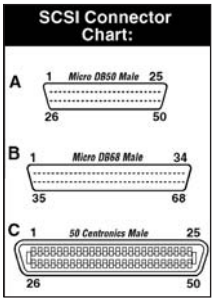
83-7957	6'	$7.29	$5.53
83-7958	10'	9.29	7.05



SCSI 1, 2 and 3 Cables



Choose from the most popular selection of SCSI cables without sacrificing quality, price or availability. MCM's SCSI cables conform to strict SCSI standards which include twisted pair, double shielded SCSI 1 for multiple devices and to fast SCSI 2 and ultra SCSI, which handle higher transfer rates and additional device connections over a 16-bit single cable BUS.

Description Order #	Connector	(1-9)	(10-up)

DVI Cables

MCM offers a wide range of DVI and DFP cables featuring Single and Dual Link DVI-I, DVI-D and DFP connectors. They are fully recognized by the Digital Display Working Group (DDWG), which means you are getting a quality tested cable guaranteed to provide optimal DVI video reproduction. They are ideal for connecting all your DVI equipment, including LCD panels, digital projectors, plasma screen and HDTV systems. All cables are beige and feature a limited lifetime warranty to be free from defects in materials and workmanship.

Data Comm Modems

U.S. Robotics 56K Fax Modems

U.S. Robotics modems include the features and reliable connections you need for surfing the web, including the enhanced performance of the new feature-rich V.92 standard. In addition, U.S. Robotics exclusive line probing technology detects and avoids obstacles between your modem and your internet service provider (ISP), obstacles that slow down your connection. The modem tells your ISP's equipment how to avoid these obstacles, so you'll achieve the fastest possible connection. The included Installation Essentials CD-ROM comes complete with drivers, a suite of fax and communications software, and all of the tools you'll need to get up and online quickly and easily.

Migrate your network to Fast Ethernet's 100Mbps speed with the EtherFast® 10/100 Workgroup Switches. These new compact switches from Linksys offer a new compact design that's perfect for space-sensitive applications. Apply this switching power to your 10BaseT network, and your data traffic efficiency improves several times over. Connect your file server to the switch's auto-sensing ports, and speed up access time for all your users in just one move. And when you're ready, switch your way to full duplex speeds of up to 200Mbps, the speed is yours!

Order #	Mfr. #	Description	(ea.)
831-2072	EZXS16W	16 port switch	$89.95
831-2073	EZXS88W	8 port switch	59.95
831-2074	EZXS53W	5 port switch	42.95

LINKSYS® Broadband Routers

•The Linksys EtherFast® Cable/DSL Routers are the perfect option to connect multiple PCs to a high-speed broadband internet connection or to an ethernet back-bone •Allowing up to 253 users, the built in NAT technology acts as a firewall protecting your internal network •Configurable as a DHCP server for your existing network, the EtherFast® Cable/DSL Router acts as the only externally recognized internet device on your local area network (LAN) •The router can also be configured to block internal users access to the internet •Not only will all of your PCs now be able to enjoy your lightning fast broadband internet connection, they will also be able to share internal network data •With the dual-function speed and power of the EtherFast® Cable/DSL Router, your network will take off at speeds faster than you ever imagined possible •Choose from 4 or 8 switched 10/100 ports to support your growing network

Order #	Model #	Ports	(1-9)	(10-up)

TRENDnet USB Print Servers

TRENDnet's USB print servers are ideal network solutions designed to transform any conventional USB printer into a shared resource on your network. With its "Automatic IP" feature, the print server will automatically configure its IP address, making installation quick and easy. For advanced management, you can configure the print server using the Windows-Based Wizard, Admin Software or Web Browser. These print servers support Internet Printing Protocol, so users can print remotely to the USB printer via the internet. These print severs are the most cost effective way to add a USB printer anywhere on your network!

LINKSYS® 802.11G 54Mbps Wireless Networking Products

Wireless-G is the upcoming 54Mbps wireless networking standard that's almost five times faster than the widely deployed Wireless-B (802.11b) products found in homes, businesses, and public wireless hotspots around the country. Since they share the same 2.4GHz radio band, Wireless-G devices can also work with your existing 11Mbps Wireless-B equipment. •Set up a high-speed Wireless-G (802.11g) network in your home or office •Data rates up to 54Mbps, five times faster than Wireless-B (802.11b) •Also interoperates with Wireless-B networks (802.11b at 11Mbps) •Advanced wireless security with 128 bit WEP encryption and MAC filtering •Toll free technical support and three year limited warranty

HAWKING TECHNOLOGY 10/100 Pan/Tilt/Zoom Network Cameras

The Net-Vision™ Wired Network cameras are high performance stand-alone camera systems with built-in CPUs and web servers, thereby providing an ideal solution for remote monitoring, surveillance, or sending live video over the internet. The cameras allow remote access and management from anywhere in the world via the internet or an existing LAN. They support the 10/100Mbps wired fast ethernet standard, and as a result, the cameras can stream live video at up to 30 frames per second. Included with the camera is a powerful management and control software application that features playback, recording, and other functions. The camera can also be utilized in mixed operating environments that include Windows, Mac, UNIX, and Linux systems. They offer a broad array of applications and can be used to monitor various critical locations such as homes, offices, banks, schools, childcare centers, hospitals, and other industrial and public areas.

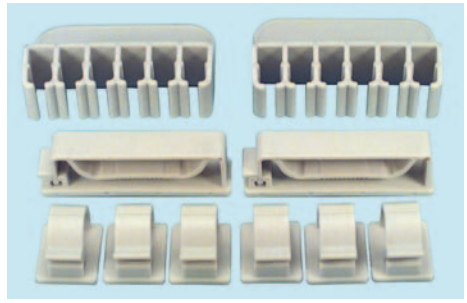
SPC TECHNOLOGY

Category 5 In-Line Coupler

Extends Cat 5 patch cords without losing Cat 5 performance. Locking mechanism design for easy feed-thru panel installation. PCB design for maximum reliability. Maintain Cat 5 performance with this in-line coupler. Allows joining of Cat 5 patch cords while maintaining EIA/TIA Cat 5 requirements. Ideal for unusual applications where longer patch cords are required. Accepts RJ-45 jacks with captive pins on either end of coupler. Dimensions: 1.18" (H) x 0.69" (W) x 1.93" (D). Enclosure material rated UL94-V0. Meets EIA/TIA T568A or T568B Cat 5 requirements. UL listed.

Order#	Description	(1-9)	(10-24)
N-50N578	1, ¾, 6 crossover	$17.67	$14.96



Cable Manager

Economically organize up to 12 cables. Ideal for home or office. Kit contains six single clips, two cable holder bars, two six capacity cable clips and cable labels.

Order #	(kit)
83-6550	$5.17

Shielded RJ-45 Modular Connector

Polycarbonate bodied RJ-45 plugs with nickel-plated brass shielding plate primarily for use with STP cable but also suitable for use as a high quality replacement for standard RJ-45 plugs. Contact material is high-strength copper alloy. Contact plating is gold.

Order #	(1-24)	(25-up)
CNRJ45/SH	$0.99	$0.95

In-Line Coupler

Easily join Cat 5 patch cords and still maintain the high standard of EIA/TIA Cat 5. Moves, adds and changes are hassle-free when you can join two or more patch cords to fit your unique application. **Specifications:** •Standard: Meets EIA/TIA 568-A Cat 5 •Enclosure: UL 94VO material •Dimension: 1.93" (L) x 0.69" (W) x 1.18" (H)

High-Density Slotted Wiring Ducts

High-density slotted wall ducts come with narrow fingers, equaling a 2-to-1 ratio compared to standard slotted wiring ducts. The narrow fingers reduce fanning of the wires to the terminal blocks for a neater appearance and to accommodate more compact designs and components in control panels, communications closets, and other applications. Made with a versatile mounting hole pattern which lines up with DIN 35 rail; the mounting hole rows are also consistent with standard slotted wiring duct, so the two ducts can easily be interchanged. Double-scored breakaway duct fingers make larger breakouts easy. Restricted opening design prevents unintended removal of wires. Color: Gray. Flammability rated UL94V-0. UL recognized, CSA certified. Made in the U.S.A. Order duct covers separately. Sold in packages of 24' in four 6' lengths.
